A REWRITING EXAMPLES

Table 2 showcases rewritten examples from the Yelp dataset, specifically the eleventh row.

		Review
	Original	Saget's has been picking up and dropping off my dry-cleaning and this service is pricey - but so worth it as a timesaver for me. John (the Manager) is terrific and customer service has been great - they bill me monthly and charge it right to my card. Best of all the cleaning is expertly done and my clothes look great.
DP-BART ($\varepsilon = 625$)	**Rewritten**	SOMEONE has been doing a lot of work for me, and I have been a customer of his for over a year and a half and this has been a huge loss for me. I have to be honest, this is the first time I've been doing this, and this is what I'm going to be doing for the last time.S has been picking up and dropping off
	Basic 2x	S has been picking up and dropping off your used motorcycle parts in North Kingstown NJ. Some folks may have noticed us recommending them via their facebook page but have never seen one of the vehicles they work on and would love to purchase so we contacted him and spoke with the owner. There are some good points about these cars (or bikes in general), but they seemed really nice. When I spoke with S, he suggested that I could order an entire bunch of new parts for each bike I wanted and that my current set-up was perfect. All of that makes me want to buy something from this guy...
	Advanced 2x	S has been picking up and dropping off food, and the service and promptness to put things away - on time. I really wanted this place to do better and ... well, my dad's truck has a faulty gear box that will run on all 3 batteries and this was the perfect solution to take advantage and fix it, but I guess my car is simply not going to stand by for two weeks.
DP-BART ($\varepsilon = 1875$)	**Rewritten**	I have been using this service for years and it has been great for me. The service has been amazing. I have been picking up and dropping off my clothes at this location for years. I love the service and the way it is done. My favorite part is that the service is free of charge.The service is great and I love it.My favorite part of this service is that I have
	Basic 2x	I have been picking up and dropping off my clothes at the LVAD store since 2008 and it has always been great! They go above and beyond to make sure every customer is taken care of. My favorite thing about their service is that they are always in control of your belongings and if we need additional items they can be reordered, delivered or picked up on time. My only complaint is that sometimes there are times they change the clothing that they will pick and deliver, but it never changes my items.
	Advanced 2x	Awesome service and quality clothes. My favorite part is that they never have a wait time. Love being pick up and dropped off when you need it and the clean of the facility is always appreciated. The service has been great and the staff is super nice.
DP-PROMPT ($\varepsilon = 137$)	**Rewritten**	local pug-whip
	Basic 2x	he Pugwop Club is happy to present the Brutus Muppets from New York. These cartoon Pugs have been in production since 1985! Their live debut was the New Century Fox TV cartoon series "Bump It Up". They also enjoyed several notable roles in television shows, including The People's Love Band, and are now on NBC. In addition to being part of new shows, including "Pugwit," and "Geek Squad," they were cast in movies such as Zombies, Monster High, Spy Kids, Wet'n Wild.
	Advanced 2x	I have had so many good meals here that I've always been reluctant to give them a solid review. My boyfriend and I shared a lovely bowl of Thai-Kogi Curry noodle with some curry chicken for lunch. It was an excellent start to our day. We chose rice as the base, which came topped with veggies from their organic veggie patch. This was made into a huge bowl along with plenty of crispy coconut, sweet basil leaves (whole root vegetables) and ginger in curry sauce. Loved it!
DP-PROMPT ($\varepsilon = 206$)	**Rewritten**	"The Professional Dry Cleaners can help save time!"
	Basic 2x	We are happy to help you. "The Professional Dry Cleaners can help save time! The team is wonderful! They came on the day they needed us and saved me from an unpleasant experience.
	Advanced 2x	Good times, good service, and this is NOT a dry cleaner's. Why wash dirty sheets for me? They come at 10 minutes so there is usually nothing else they need to do, like run errands or pick up the kids in a diaper. When you walk in and walk through the doors you have a feeling that there's really someone there (or the front desk). Once inside, the store has a few rooms with nice linens (pricey if you ask for them) and some old school ambiance and everything you can hope for.
